

PREVENT CONSUMPTION.

Continued from Eighth Page.

ating with consumptives who have uncleanly habits and who are careless in the disposal of their sputa. You should, if possible, lead an outdoor life, and your sleeping and living rooms should be well ventilated, sunny and dry. By this means you not only increase your general health and offer greater resistance to disease, but you lessen the chance of infection by the specific germ.

But do not, because you are born of consumptive parents, think that you are therefore doomed to die of consumption.

True, the narrow chest, the feeble constitution, the predisposition to the disease of course is inherited, but not the disease itself. And the predisposition may be overcome by good food, pure air and general hygienic living.

Origin of Druggists' Show Bottles.

An interesting story is told by the Chicago Grocer in connection with the familiar red, yellow and green vases that brighten the windows of drug stores. The custom of placing them there originated with an apothecary who found himself one night minus the red light with which tradesmen of his class were accustomed to ornament their store fronts. To make up the deficiency he got a bottle of red liquid and placed a candle behind it. The effect pleased him so well that he decided to improve it by placing a second red light in the window, with the aid of another bottle of red mixture and an additional candle. This sign made such a brave showing that an envious rival cast about for means of improving on the sign. He hit upon the scheme of placing a bottle colored with yellow fluid beside the red one, and then surpassed his previous effort and carried all before him by placing a green bottle beside the yellow. The three made a sign that caught the town, and all druggists quickly fell into line. The bottles were replaced with the handsome vases at present in use, and the druggist's sign were here to stay to brighten the dingy streets of town and village.

From Cripple Creek.

After the big fire at Cripple Creek, I took a very severe cold and tried many remedies without help, the cold only becoming more settled. After using three small bottles of Chamberlain's Cough Remedy, both the cough and cold left me, and in this high altitude it takes a meritorious cough remedy to do any good.—G. B. HENDERSON, editor Daily Advertiser. For sale by D. J. Brannen's Drug Store.
